Internship

Hearst Television

WBAL-TV 11 Baltimore

Jun. - Aug. 2024

Throughout my WBAL TV-11 Baltimore internship, I learned many valuable skills as I worked in the newsroom, the studio, and out in the field, covering stories around Baltimore and helping prepare them for the evening newscasts. At the end of my internship, I made an intern-led newscast with my fellow interns, covering local events, the ongoing summer Olympics, and weather.
